Why not send us a photocopy of this order form so you can refer to these prices again.

SPECIAL SIZES

Our normal range of stock sizes is extensive,with ladies garments from 8-24 and mens garments from 76-116cm waist size.

For an increasing number of styles,we also hold in stock garments up to sizes 26-30 for ladies and 120-132 for men. Prices for these are $9 to $15 extra on the standard price.

However,we recognise that you may sometimes require larger or smaller garments, so we also supply other sizes that are outside those in stock. A surcharge of 50% will be added for these garments made specially - please refer to the size charts at the back of the catalogue for these styles. Delivery will take longer (6-8 weeks) and these garments are non-returnable. Please note that some styles are not appropriate for extreme sizes.

RETURNS

Any product may be returned within 7 days of invoice date and (provided it is in original condition) we will gladly refund the full price less courier charges. Sorry, but items returned outside this period will not be accepted for credit. Monogrammed garments and items made to order are also non-refundable. You must quote an invoice number for us to authorise a credit.

EMBROIDERY

Your name - flexible, fast and cost effective

We can embroider virtually any garment in almost any combination of colours with no minimum orders. Incorporate your logo, business name, or individual staff names – the choice is yours. Text can be straight or arched and the embroidery can be almost any size you like.

- Reinforces your brand image
- Can be used to identify your staff to your customers
- Adds that professional finishing touch
- Company logoed clothing isn't usually categorised as personal garments, which should mean a favourable nod from the tax man for your order.
